

Fact Sheet

NC Medicaid

Standard Plan and Tailored Plan Behavioral Health*, I/DD and TBI Services

County Playbook: NC Medicaid Managed Care

Within NC Medicaid Managed Care, there are **Standard Plans** (health plans that offer integrated physical health, pharmacy, care coordination and basic behavioral health services) and **Tailored Plans** (health plans that offer integrated physical health, pharmacy, care coordination and behavioral health services for members who may have significant mental health needs, intellectual/developmental disabilities (I/DDs), traumatic brain injuries (TBIs) or severe substance use disorders). Standard Plans launched July 1, 2021. Tailored Plans are expected to launch July 1, 2022.

Beneficiaries who qualify for the Tailored Plan have been identified by NCDHHS. DSS staff can identify these beneficiaries via the “Managed Care Status” field in NC FAST. Identification for Tailored Plan enrollment will be ongoing, and beneficiary records will continue to be updated accordingly. Most beneficiaries that qualify for the Tailored Plan will remain in NC Medicaid Direct until July 1, 2022, unless they choose a Standard Plan (if applicable).

Standard Plans offer some basic behavioral health services, but **Tailored Plans offer enhanced behavioral health, I/DD and TBI services**. The table below shows the services that are covered by both Standard Plans and Tailored Plans and Tailored Plans only. Please refer to the [Behavioral Health I/DD Tailored Plan Memo](#) for additional information.

*Behavioral health services = mental health disorder and substance use disorder services

Behavioral Health, I/DD and TBI Services <i>Enhanced behavioral health services are italicized</i>	
Standard Plans AND Tailored Plans	Tailored Plans ONLY
